BACKGROUND INFORMATION

1. Name and Permit Number
 - a. Piedmont Virginia Community College
 - b. Permit Number: Registration VAR040108
2. Annual Report Permit Year
 - a. July 1, 2008 through June 30, 2009
 - b. Year 1 of 5 year permit, expiring July 8, 2013
3. Modifications to any operator's department's roles and responsibilities
 - a. There have been no modifications during this reporting period.
4. Number of new MS4 outfalls and associated acreage by HUC added during the permit year
 - a. There have been no new MS4 outfalls during this reporting period.

STATUS OF COMPLIANCE

1. Status of compliance with permit conditions.
 - a. We are in compliance with all conditions of the permit.
2. Assessment of the appropriateness of the identified best management practices including an assessment of the appropriateness of the identified BMPs in addressing discharges into waters that are identified as impaired.
 - a. An assessment of PVCC's BMPs revealed that all BMPs are appropriate and necessary.
3. Progress towards achieving the identified measurable goals for each of the minimum control measures.
 - a. BMP 2a, in which Dr. Jackameit addresses the College Board regarding the status of VSMP MS-4 Permit, will occur at the November 4, 2009 College Board Meeting.

DATA

1. Results of information collected and analyzed, including monitoring data, if any.
 - a. Not applicable.
-

SUMMARY OF STORMWATER ACTIVITIES

1. Summary of the stormwater activities the operator plans to undertake during the next reporting cycle.
 - a. We will continue to monitor the Science & Technology building construction site for runoff control.
 - b. PVCC will be acquiring an additional five acres, formerly the Monticello Visitor's Center. Once acquired, we will incorporate this property into our MS4 program. The acquisition will take place during the next reporting cycle.
-

BMP CHANGES

1. A change in any identified best management practices or measurable goals for any of the minimum control measure including steps to be taken to address any deficiencies.
 - a. No deficiencies detected.
-

OTHER GOVERNMENT AGENCY

1. Notice that the operator is relying on another government entity to satisfy some of the permit obligations, if applicable.
 - a. PVCC continues to seek comments from the County of Albemarle and the State of Virginia on storm water as it relates to the new Science & Technology building construction. These issues are addressed at monthly construction meetings. In addition, PVCC continues membership with the Rivanna Regional Stormwater Education Partnership.
-

APPROVAL STATUS

1. The approval status of any programs pursuant to Section II C of the General Permit, if appropriate, or the progress towards achieving full approval of these programs.
 - a. No existing program has required the implementation of any minimum control measures of Section II B.

SECTION I B 9

1. Information required pursuant to Section I B 9 of the General Permit.
 - a. Copies of any updates to the MS4 program plan completed during the reporting cycle and any new information regarding the TMDL in order to evaluate its ability to assure the consistency of its discharge with the assumptions of the TMDL WLA.

SECTION II B 3 f

1. The number of illicit discharges identified and the narrative on how they were controlled or eliminated pursuant to Section II B 3 f of the General Permit.
 - a. Per BMP 3.b, visual screenings of outfalls are checked monthly. As of September, 2009, no illicit discharges have been found.

SECTION II 4 c

1. Regulated land-disturbing activities data tracked under Section II 4 c of the General Permit.
 - a. Per BMP 4.c, the contractor for the Science & Technology building currently under construction will prepare the reports upon completion of the new building, which is slated to occur in early 2010.

SECTION II B 5 b (6)

1. All known permanent stormwater management facility data tracked under Section II B 5 b (6) of the General Permit submitted in a database format to be prescribed by the department. Upon filing of this list, subsequent reports shall only include those new stormwater management facilities that have been brought online.

Piedmont Virginia Community College

MS4 Permit Year 1 Permit #: VAR040108 City: Charlottesville

<u>BMP Type</u>	<u>HUC</u>	<u>Impaired Water</u>	<u>No. of Acres Treated</u>
Retention Basin	JR15	Moore's Creek	114

Note: The table above is an MS Excel Spreadsheet, which you can double-click to extract as an excel spreadsheet.

3RD PARTY AGREEMENTS

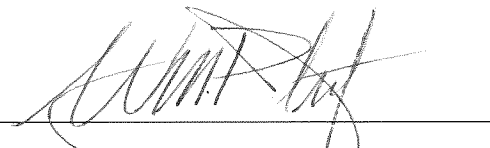

1. A list of any new or terminated signed agreements between the operator and any applicable third parties where the operator has entered into an agreement in order to implement minimum control measures or portions of minimum control measures.
 - a. Not applicable.

PUBLIC COMMENT

1. Copies of any written comments received during a public comment period regarding the MS4 Program Plan or any modifications.
 - a. Not applicable.

CERTIFICATION

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

William P. Jackameit
Vice President for Finance & Administrative Services
