

DISCUSSION BOARD STATISTICS

The Performance Dashboard keeps track of user activity in the Discussion Board.

Follow these steps to view Discussion Board statistics:

1. Click **Performance Dashboard** on the **Control Panel**.
2. Click the number of Discussion Board post by the user to view details.
3. A page appears that lists the following information:
 - Total Posts
 - Date of Last Post
 - Average Post Length (number of characters)
 - Minimum Post Length (number of characters)
 - Maximum Post Length (number of characters)
 - Average Post Position
 - Grade (if the post is not yet graded, the instructor may click a link to the Gradebook to add a grade)
