Spring 2016

Application Deadline is October 1, 2015

Practical Nursing
One-Year Certificate

ADMISSION REQUIREMENTS
AND PROGRAM INFORMATION
**Disclaimer**

Piedmont Virginia Community College (PVCC) provides its Web site, catalog, handbooks, printed and digital class schedules and any other printed materials or electronic media for your general guidance. PVCC does not guarantee that the information contained within them, including, but not limited to, the contents of any page that resides under the Domain Naming System (DNS) registrations of [www.pvcc.edu](http://www.pvcc.edu), [www.facebook.com/PiedmontVaCC](http://www.facebook.com/PiedmontVaCC), [www.twitter.com/PiedmontVaCC](http://www.twitter.com/PiedmontVaCC) or [www.youtube.com/PVCCVIRGINIA](http://www.youtube.com/PVCCVIRGINIA), are up-to-date, complete and accurate. **Individuals assume any risks associated with relying upon other information without checking this program’s Admission Requirements and Program Information booklet published for the year in which the student is applying for admission.** Links to other materials and Web sites provided in these sources are also for information purposes only and do not constitute PVCC’s endorsement of products or services referenced in such materials.

PVCC reserves the right to make changes to any provision or requirement within these sources, as well as changes to any curriculum or program, whether during a student’s enrollment or otherwise.

Hard copies of the Admission Requirements and Program Information booklets may be obtained in the Admissions and Advising Center and in the lower-level of the Keats Science Building.

**Nondiscrimination Statement**

Piedmont Virginia Community College is an equal opportunity institution providing educational and employment opportunities, programs, services, and activities. PVCC does not discriminate on the basis of age, color, disability, family medical history or genetic information, military service, national origin, parental status, political affiliation, race, religion, sex (including pregnancy and gender identity), sexual orientation, or any other non-merit base factor. The College also prohibits sexual harassment including sexual violence or misconduct. The following person has been designated to handle inquiries regarding any of these policies: Human Resources Manager, 501 College Dr., Main Building, Room M810, Charlottesville, VA 22902; 434.961.6567.

Introduction

The PVCC Practical Nursing (PN) Program prepares graduates to successfully function in the role of an entry-level licensed practical nurse under the supervision of a registered nurse or physician in structured settings, providing direct care to clients with common health problems that have predictable outcomes.

The purpose of the Practical Nursing Program is to educate individuals who are concerned with basic therapeutic, rehabilitative and preventative care for people of all ages and diverse cultures in various stages of dependency. The graduate of PVCC’s PN program will be eligible to apply for licensure after successful completion of the NCLEX-PN examination.

The person with emergent health needs and the student with learning needs comprise the central focus for curriculum development. The problem-solving process is used as a framework for critical thinking and practice. Concepts that provide further structure for the development of practical nursing competency are assessment of patients with emergent needs, communication skills and development of professional attitudes and characteristics.
Practical Nursing Program Objectives

The PVCC Practical Nursing Program prepares graduates to successfully function in the role of an entry-level licensed practical nurse under the supervision of a registered nurse or physician in structured settings, providing direct care to clients with common health problems that have predictable outcomes. The graduate is expected to function in the following ways.

1. Promoting optimal health for clients at various points on the wellness-illness continuum by applying principles from the physical, biological and social sciences when delivering nursing care; conceptualizing illness as an opportunity for client growth; facilitating the client’s assumption of primary responsibility for wellness recognizing that one or more of an individual’s basic needs are not being met.

   The PN student, with faculty guidance, promotes optimal health of clients who have overt disturbances of basic human needs.

2. Using the nursing process as a guide to maintain individual nursing care plans by:
   a. collecting client data
   b. implementing nursing actions and evaluating the effects of actions
   c. contributing to the revision of nursing care accordingly

   The PN student, with faculty guidance, uses the nursing process by collecting client data and implementing nursing actions.

3. Effectively communicating with clients, colleagues and others by:
   a. utilizing appropriate communication modes and channels within clinical and community health-care settings
   b. utilizing therapeutic communication techniques in developing and maintaining nurse-client relationships
   c. utilizing communication theory and techniques to assess the verbal and nonverbal communication of clients
   d. utilizing communication theory and techniques to gather client data and to implement and evaluate client care
   e. evaluating the effectiveness of one’s communications with clients, colleagues and others
   f. recognizing that people communicate their needs in different ways

   The PN student, with faculty guidance, effectively communicates with clients, families, colleagues and others in clinical settings.
4. Participating in teaching clients who need information or support to maintain health by:
   a. identifying learning needs in collaboration with the client and family
   b. implementing areas of the established teaching plan in collaboration with the client, family, registered nurse and/or physician

The PN student, with faculty guidance, implements teaching plans for individual clients who have overt learning needs.

5. Managing, with supervision in structured settings, the nursing care for clients who have common, well-defined health problems by:
   a. setting nursing-care priorities
   b. identifying the role of the practical nurse and other health-care team members in the clinical setting
   c. coordinating and evaluating nursing care for a group of clients in collaboration with health-care team members and in accordance with agency policies

The PN student manages, with faculty guidance, nursing care for individual clients who have overt needs.

6. Functioning as a member within the profession of nursing by:
   a. being accountable for one’s nursing practice
   b. practicing within the ethical and legal framework of practice roles
   c. assuming responsibility for self development and continuing education
   d. observing standards of practice established by the nursing profession
   e. recognizing the impact of professional organizations, community groups and legislation as they influence health care

The PN student functions as a member within the profession of nursing by demonstrating knowledge of student practice roles and accountability, and assuming responsibility for self development and learning within the academic setting.
Essential Functions and Standards for Successful Performance

To successfully complete the classroom and clinical components of the program, the nursing student must, either independently or with reasonable accommodation, be able to perform all of the following essential standards and functions of a practical nurse. Students who are unable to meet these standards are not eligible for admission to the program.

1. **Speech**: Establish interpersonal rapport and communicate verbally and in writing with clients, physicians, peers, family members and the health-care team from a variety of social, emotional, cultural and intellectual backgrounds.

2. **Hearing and Comprehension**: Auditory acuity sufficient to respond to verbal instruction, perceive and interpret various equipment signals, use the telephone, understand and respond appropriately to verbal directions and hear faint body sounds.

3. **Vision**: Visual acuity sufficient to identify and distinguish colors, read handwritten orders and any other handwritten or printed data such as medication records or scales, chart data and provide for the safety of clients’ condition by clearly viewing monitors and other equipment in order to correctly interpret data.

4. **Mobility**: Stand and/or walk eight hours daily in the clinical setting. Bend, squat or kneel. Assist in lifting or moving clients of all age groups and weights. Perform cardiopulmonary resuscitation (move around client to manually compress chest and ventilate). Work with arms fully extended overhead. Lift 50 pounds independently and 125 pounds with assistance.

5. **Manual Dexterity**: Demonstrate eye/hand coordination sufficient to manipulate equipment (syringes, infusion pumps, life support systems).

6. **Fine Motor Ability**: Ability to use hands for grasping, pushing, pulling and fine manipulation. Have tactile ability sufficient for physical assessment and manipulation of equipment.

7. **Mentation**: Ability to remain focused on multiple details and tasks for at least an eight-hour period of time. Assimilate and apply knowledge acquired through lectures, discussions and readings.

8. **Smell**: Olfactory ability sufficient to monitor and assess health needs.

9. **Writing**: Ability to organize thoughts and present them clearly and logically in writing.

10. **Reading**: Ability to read and understand written directions, instructions and comments in both classroom and clinical settings.
Health Status

All individuals admitted to the Practical Nursing Program will be required to submit documentation of a complete health assessment by his/her health-care provider. This will include documentation that specific immunizations and tests have been completed. A list of these immunizations may be obtained from the Health and Life Sciences Division Office in the Kluge-Moses Science Building, Room K224A.

Criminal Background Check and Drug Screening

All PVCC Practical Nursing students must complete the Authorization Form for Background Check and Drug Screening. No other processes may be substituted for this requirement. Forms and information will be mailed to students upon acceptance into the Practical Nursing Program.

This testing is completed through an outside vendor and all fees will be paid directly to this vendor. The testing will compare findings against the following criteria:

- Adult or child sexual offenses
- Adult, child or elder abuse or neglect
- Assault or battery
- Fraud
- Narcotics or other drugs, including prescription drugs
- Felonies of any type

The vendor will report only whether a student clears or does not clear the criteria listed above. All reports will be returned to the Dean of Health and Life Sciences. In the event that a student is not cleared, the student must make any clarifications directly with the vendor. The student may elect to involve the Dean in any clarification procedures. If no suitable arrangement can be made, the student shall be administratively withdrawn from the Practical Nursing Program.
Program Behavior Expectations

The PVCC Practical Nursing Program reserves the right to refuse admission to applicants if such refusal is considered to be in the best interest of the program. The Practical Nursing Program will not accept any student who has been dismissed from another college or program due to misconduct or threatening behavior, or who has been determined to be a potential threat. Students may be denied admission to the program if there is sufficient reason to believe that they present a danger to themselves, other members of the college community or clients in the clinical setting.
Practical Nursing Program Prerequisites

Only applicants who have completed all program prerequisites by October 1, 2015 will be eligible for January 2016 admission. Staff will not be available to assist with submission of application materials after 5 pm on October 1. We strongly recommend you complete the process before October 1.

The following items must be satisfactorily completed in order to be considered for admission to the PVCC PN program. This is a competitive admissions process with limited enrollment and not all applicants will be granted admission. Completion of these prerequisites and any of the general education courses in the curriculum does not guarantee admission.

1. Demonstrated competency in reading and writing (eligible to enroll in ENG 111)
   a. Successful completion of developmental English courses (ENG 1, 3, 4, 5 or ENF 1, 2, 3) OR
   b. COMPASS placement score showing proficiency in this content by placement into ENG 111 OR
   c. Virginia Placement* score showing proficiency in this content by placement into ENG 111 (within last 2 years) OR
   d. Completion of an acceptable college-level composition course with a grade of “C” or better OR
   e. SAT verbal and writing score of 500 or PSAT of 52 (within last 2 years)
   f. ACT score of 18 (within last 2 years)

2. Demonstrated competency in Algebra
   a. Successful completion of developmental math courses (MTH 2, BSK 6, 8, and 9 OR MTE 1-5) (within last 8 years) OR
   b. COMPASS Algebra score of at least 40 (within last 8 years) OR
   c. Virginia Placement* math scores showing proficiency in MTE 1-5 (within last 2 years) OR
   d. Completion of an acceptable college-level Algebra course (within last 8 years) with a grade of “C” or better (Technical math or statistics courses will not satisfy requirement. Official transcript required.) OR

*Test scores are valid for two (2) years after the date of the test. Students who take the placement test and who do not enroll in developmental math are allowed to take one (1) retest within twelve (12) months. Students who attempt developmental mathematics will be ineligible for a retest.
e. Completion of an acceptable college-level Algebra course *(within last 8 years)* with a grade of “C” or better (Technical math or statistics courses will not satisfy requirement. Official transcript required.) OR

f. SAT quantitative score of 520 or PSAT of 52 *(within last 2 years)* OR

g. ACT score of 22 *(within last 2 years)*

3. **Biology (High school level)**

   a. Completion of high school general biology course with a “C” or better OR completion of acceptable college-level general biology course OR

   b. Completion of NAS 2 – Foundations of Life Science with a grade of “P” OR

   c. Successful completion of NAS 2 challenge exam with a 70% or better

   (BIO 145 will not meet this prerequisite.)

4. **Curricular GPA of 2.5 or above**

   a. The curricular GPA is the grade point average of all the non-PNE courses listed on the Practical Nursing certificate curriculum sheet that the student has completed by the application deadline. This would include BIO 145 (or BIO 141/142), SDV 100/101/108, ENG 111, HLT 141, PSY 230, and ITE 119.

5. **Nursing Interest Essay**

   a. Written essay of 300 words to evaluate written communication skills

   b. Must be done in PVCC’s Testing Center. Call 434.961.5320 to schedule an appointment.

   c. Can only be done once and cannot be prepared ahead of the appointment

6. **Test of English as a Foreign Language (TOEFL iBT)**

   a. Completion of the TOEFL iBT with a standard score of 84 or above and a minimum speaking score of 26 is required for ALL nonnative English speakers. Completion of ENG 111 does not meet this requirement.

   b. These scores are based on recommendations from the National Council of State Boards of Nursing for the level of English proficiency required to perform entry-level nursing safely and effectively.

   c. Any nonnative English speakers who do not take the TOEFL iBT and are determined to be unable to understand and speak English at the required proficiency will be dismissed from the nursing program.

   d. TOEFL iBT scores are valid for up to two years.
7. Preference given to those with CNA/PCT experience

8. Preference given to applicants in PVCC service area.

9. **ALL** prerequisites must be completed and documentation received as described below no later than the application deadline of 5 pm, October 1, 2015. Late documentation will not be considered.

   a. **Submitted to the PVCC Admissions and Advising Office:**

      Official non-VCCS transcripts.
      You must also submit a Transcript Evaluation Form
      ([http://www.pvcc.edu/files/media/form_transcript_evaluation_request.pdf](http://www.pvcc.edu/files/media/form_transcript_evaluation_request.pdf)) for any course for which you want credit as part of the Practical Nursing curriculum that was taken at a college other than PVCC (including other VCCS colleges).

   b. **Submitted to the Health and Life Sciences Division Office:**

      Official or unofficial non-VCCS transcripts, TOEFL iBT scores (if required), and high school transcript and/or SAT/ACT scores (if used to document prerequisites), along with completed checklist from last page of Admissions Requirements and Program Information booklet.

      **Students should not** request copies of transcripts from the Registrar's Office.

\(^1\)A grade of "C" or higher is required. Students who plan to go on to an RN program should take BIO 141 and BIO 142 in place of BIO 145. These courses must be repeated if they were taken more than eight years prior to application for admission to program.
Admission to the Practical Nursing Program is competitive and will be based on a ranking system that includes student performance in the general education courses in the Practical Nursing curriculum. Each student's past and potential educational achievement is measured against all other students applying. Applicants must submit all official documentation and demonstrate minimum requirements for consideration by the posted deadline to be considered for acceptance. Coursework in progress at time of deadline will not be considered during the application process. Students meeting all of the minimum requirements for admission are not guaranteed acceptance and not all applicants will be granted admission. Priority is given to students residing in the PVCC service region (Albemarle, Buckingham, Charlottesville, Fluvanna, Greene, Louisa and Nelson).

Due to the large number of interested students, Practical Nursing Program personnel are not able to schedule individual appointments to review application documents. In an effort to provide students with the most current and comprehensive data, information sessions will be held during the fall semester. During these sessions, the Director of Nursing Programs will review the applications process, prerequisites, and the competitive ranking criteria. All applicants are highly encouraged to attend one of these sessions. This information will also be available as an online presentation. In addition, there are advisors available in the Admissions and Advising Center daily.
Evaluation Process

1. Practical Nursing applicants complete online Practical Nursing Program application and complete all required prerequisites prior to October 1 deadline. Applications or documentation received after the deadline will not be considered. THIS PROGRAM APPLICATION IS IN ADDITION TO THE PVCC COLLEGE APPLICATION.

2. All supporting application documents are compiled by division and admission office personnel.

3. The Director of Nursing Programs will do preliminary screening of all applicants to determine the applicants who have met the minimum prerequisites and are eligible for admission.

4. The Director of Nursing Programs will then review the applications and academic records of eligible candidates.

5. Applicants are ranked according to the following criteria in order of importance:

   a. The number of general education courses completed by the application deadline
   b. The GPA earned in those completed courses
   c. The quality of the nursing essay
   d. Preference will be given to applicants who are certified nursing assistants (CNAs) or patient care assistants (PCAs).

   The one-page nursing admission essay is intended to evaluate each applicant’s written communication skills. The essay is prompted by a choice of questions and is completed in word-processing format in the PVCC Testing Center by appointment. It is not a test of knowledge and cannot be prepared ahead of the scheduled appointment.

6. Applicants will be accepted, placed on the waiting list, or not accepted. Notification of status will be emailed to students’ VCCS email address on November 16, 2015. Letters to all applicants will be mailed the week of November 16, 2015.

   a. A waiting list of qualified applicants will be maintained in the event that selected students are not able to accept their place in the program. The waiting list will only be maintained until the week before classes start for the spring semester and is not continued from year to year. All students who were not admitted for their desired year will have to reapply for admission in subsequent years.

   b. Students seeking readmission into the program or advanced placement transfers will be considered on a space-available basis. Applicants for readmission must have submitted their letter requesting readmission by April 15 for summer readmission and July 15 for fall readmission. Students desiring readmission into PNE 186 must apply as new applicants.
Frequently Asked Questions

1. HOW DO I APPLY?

The application to the program is online: [Practical Nursing Application](#). Create a username and password that is unique to you and complete the remaining information that is requested on the online form. Select “Register” at the bottom when you are done.

ALL documentation used to demonstrate that prerequisites have been met should be placed together with the Admission Checklist (at end of this booklet) in a sealed envelope with the student’s name and empid number clearly marked on the outside, and delivered to the Health and Life Sciences Division Office by 5 pm on the application deadline date. These documents may include non-VCCS college transcripts (may be unofficial transcripts), high school transcripts, TOEFL scores (if required), copies of licenses (if required).

Official copies of any non-VCCS college transcripts should be sent to Admissions and Advising along with a Transcript Evaluation Form completed by the applicant [Transcript Evaluation Request Form](#).

2. HOW LONG WILL IT TAKE TO COMPLETE THE PRACTICAL NURSING PROGRAM?

The Practical Nursing Program curriculum, including general education courses, can be completed within a one-year period. However, this full-time course load is a very difficult and time-consuming one, especially if the student has work or other non-school obligations. For this reason, many students elect to take many or all of their general education courses before beginning the sequence of nursing courses.

3. AM I A LPN WHEN I COMPLETE PROGRAM?

NO. Once you have earned the Certificate in Practical Nursing, you are eligible to take the State Board Licensing Examination (NCLEX-PN). Upon passing this examination, you are eligible to apply to the Virginia Board of Nursing for licensure.

4. ARE THERE ANY COSTS INVOLVED IN THE NURSING PROGRAM?
In addition to tuition and the cost of transportation to clinical sites and parking, students are responsible for the following items (estimated):

Books
(including Kaplan online learning system): $1,348
Supplies: $570
Health Screening: $100-$500 (depending on health care provider and immunizations required)
Background Check/Drug Screen: $112

5. WHERE ARE THE CLINICAL ASSIGNMENTS IN THE PROGRAM?

Augusta Health, Westminster-Canterbury of the Blue Ridge, The Laurels, Charlottesville Health and Rehabilitation, HealthSouth, Pediatric Associates, Charlottesville Family Medicine, Madison Family Physicians, Charlottesville/Albemarle Regional Jail, Triple C Camp, Rockingham Memorial Hospital and local school systems are the current clinical settings. Other facilities may also be used. Please note that while we make every effort to consider driving distances in all clinical assignments, we cannot guarantee to accommodate any individual schedule or site request. Carpooling with fellow students is highly encouraged. STUDENTS WILL BE EXPECTED TO ATTEND CLINICAL SITES THAT MAY BE OUTSIDE OF THE CHARLOTTESVILLE/ALBEMARLE AREA.

6. IF I AM TRANSFERRING FROM ANOTHER COLLEGE, CAN I GET CREDIT FOR SOME OF THE GENERAL EDUCATION COURSES

Yes. Once your transcripts are on file in PVCC’s Office of Admissions and Records, you may request that the Registrar complete a transcript evaluation and send you written confirmation of courses accepted for transfer to PVCC. The Transcript Evaluation Request form can be found online at Transcript Evaluation Request Form.

7. CAN I USE BIO 141 AND BIO 142 IN PLACE OF BIO 145?

Yes. Students may take BIO 141 and BIO 142 in place of BIO 145 for the Practical Nursing Program. Please note that BOTH BIO 141 and BIO 142 must be taken to satisfy the curricular requirement.

8. IF I AM GRADUATING FROM HIGH SCHOOL IN JUNE, WHAT SHOULD I DO TO BE CONSIDERED FOR ADMISSION INTO THE NURSING PROGRAM?

It is highly recommended that students coming immediately out of high school enroll and complete the majority of the general education requirements of this program before actual admission into practical nursing; however, applicants with strong academic records, especially in science and math, who are spring high school graduates will be considered for admission.
9. IS THERE FINANCIAL AID AVAILABLE TO PRACTICAL NURSING STUDENTS?

Yes. There are a number of financial aid opportunities. For further information, please contact the Financial Aid Office (434.961.6545) at your earliest convenience. It is best to complete your financial aid application by March 31 for the following fall semester.
A Message from the PVCC Math Department Regarding Placement Tests

Dear Student,

Please keep in mind the following suggestions as you prepare to take your placement exam. Most students place appropriately. On occasion, however, students are not prepared and do not place into the proper level. This letter is written especially to help prevent placing below your true level.

- Take the exam very seriously. The exam determines your starting level in mathematics and, therefore, how many mathematics courses you will need to finish your program.

- Give yourself the time you need. The test is not timed! If you are pressed for time, come back early on a different day and take the test when time will not be a factor. Use the time to carefully and seriously answer the questions. A little time wisely spent on the placement exam can save a semester or more of work!

- Brush up on your mathematics before the test, but don’t try to cram and learn things beyond your knowledge. You can obtain practice problems from PVCC’s Testing Center. The Jessup Library at PVCC has math texts on reserve for your review. You may also visit the PVCC First Quadrant Math Center for personal assistance prior to taking the math placement test. The Testing Center is located in PVCC’s Main Building, room M607. The First Quadrant Math Center is located in M253.

- Many students will have to take both mathematics and English placement tests. Consider taking these placement tests on separate days to minimize the effect of test fatigue.

- Test scores are valid for two (2) years after the date of the test. Students who take the placement test and who do not enroll in developmental math are allowed to take one (1) retest within twelve (12) months. Students who attempt developmental mathematics will be ineligible for a retest.

- In summary, do yourself justice and place where you truly are in math by being serious and smart about your time.
# Practical Nursing Program Admission Checklist

Attach this checklist to any supporting documents and deliver to Health and Life Sciences Division Office by 5 p.m., October 1, 2015.
