Primary Source: 2016-2020 VCCS SEB. One FTES (full-time equivalent student) is calculated by dividing the total number of credit hours by 15. Average student load refers to the hours of course work taken by students. Full-time students are those taking 12 or more credit hours of course work. First-time students have never attended PVCC before; transfer students have attended college elsewhere and are new to PVCC; returning students have attended PVCC previously. Occupational/technical students are those enrolled in programs leading toward Associate of Applied Science (AAS) degrees or certificates; \*college transfer students are those enrolled in programs leading toward Associate of Arts (AA) or Associate of Science (AS) degrees; unclassified students are not enrolled in any curricular program. Off-campus students are those taking all courses at a location other than the main campus. Evening students are those taking courses only in the evening.

\*\* Residency determined by current address rather than tuition residency per VCCS

~Based on students primary plan

^The first year that VCCS reported this information

^^Based on definitions from the National Center for Educational Statistics. "Other" includes American Indian or Alaskan Native, Native Hawaiian/Pacific Islander, and Unspecified
