

PVCC Financial Aid

Consortium Agreement

A consortium agreement allows students to take courses at an accredited school other than the Home School (PVCC) and have those courses count toward the degree or certificate at the Home School. PVCC will accept credits taken at the Host School for coursework applicable to an eligible degree or certificate granted by PVCC. A student partially enrolled at the Host School is entitled to evaluation and to receive financial aid funds from PVCC according to our practices and policies. PVCC agrees to determine eligibility and disburse financial aid funds to the student. A student is only eligible to receive Title IV funds from the Home School. Students must complete this form each semester they want to receive financial aid under a consortium agreement.

- » The student **must pay all charges out-of-pocket at the Host School** before PVCC processes this agreement. Students may be reimbursed for the Host School tuition charges after the Home School disburses aid, based on financial aid eligibility.
- » The student **must be simultaneously enrolled** in at least one financial aid eligible course at PVCC for the agreement to be valid.
- » After the consortium agreement has been approved, **if the student is considering dropping a course** either at the Host School or at PVCC, the student must contact the PVCC Financial Aid Office to see how it will affect the agreement.
