Program Overview

The PVCC Internship Program integrates classroom study with work experience in all industries. Students participate in experiential learning and earn academic credit simultaneously in areas related to their academic career goals and educational objectives.

For each credit hour earned, an intern must have 45 contact hours that semester. Students may earn from 1-6 credit hours per semester depending on their program of study or the number of credits needed to graduate. The intern and site supervisor determine the work schedule.

Sample of Credit Hour to Work Hour Ratio:

2 credit hours = 90 work hours / semester

4 week class = 22.5 hours / week

8 week class = 11.25 hours / week

10 week class = 9 hours / week

16 week class = 6 hours / week

3 credit hours = 135 work hours / semester

4 week class = 33.75 hours / week

8 week class = 17 hours / week

10 week class = 13.5 hours / week

16 week class = 8 hours / week

4 credit hours = 180 work hours / semester

4 week class = 45 hours / week

8 week class = 22.5 hours / week

10 week class = 18 hours / week

16 week class = 11.25 hours / week

Grade Allocation:

- 50% - performance in the field as evaluated by site supervisor
- 50% - academic performance evaluated by faculty advisor - 25% internship paper/project and 25% journals/meetings.

Student's Eligibility Requirements*:

- Meet with the Job & Internship Coordinator to discuss program requirements / expectations
- Completion of 12 semester credit hours at PVCC

PVCC Internship Policy:

- Neither a parent nor relative may serve as the site supervisor.

* Some degree programs may have additional requirements.

Faculty Advisor's Role

1. Participate with the student and site supervisor in developing, reviewing, and approving the specific learning objectives.
2. Determine a due date for the internship paper and notify the student of that date prior to the start of the internship.
3. Contact the student, at least twice per semester, to discuss the intern's progress and to review journal entries. Encourage the student to evaluate his/her own strengths, weaknesses, and learning progress.
4. Read and evaluate the internship paper. Review content to determine if all four components of the paper have been included or adequately addressed.
5. Communicate and work effectively with the student, site supervisor, and Job & Internship Coordinator as appropriate.
6. Send student evaluation form to site supervisor to complete and request that the evaluation be returned to you (the faculty advisor). Keep records showing completed evaluation and the dates evaluation was sent and returned from site supervisor.
7. Evaluate the intern's academic performance at the end of each semester, with input from the site supervisor and Job & Internship Coordinator where appropriate. This evaluation represents 50% of the student's grade.
8. Assign a final grade in Peoplesoft.
