**Total Minimum Credits to Complete the A.S. Degree in Engineering = 69**

**Graduation Requirement:** 1. Students entering all degree programs are required to take one Writing Intensive Course, which has a prerequisite of **ENG 111 and ENG 112**, in order to graduate. Approved Writing Intensive Courses are specified with a **“WI”** section designation. 2. Earned a cumulative grade point average of at least 2.0 and in good standing.

<sup>1</sup>List of courses that fulfill the requirement for Humanities Elective and Social Science Elective can be found on this back of this sheet.

<sup>2</sup>To meet the Humanities Elective requirement for this program, no more than one introductory foreign language course (101 or 102 level) may be used.

<sup>3</sup>Engineering Elective: Students must choose from the list of 200-level EGR courses. Students are advised to consult with the intended transfer institution before choosing the Engineering Elective.

<sup>4</sup>Technical Elective: Approved Technical Electives are: CHM 112 College Chemistry II, CSC 201 Computer Science I, or MTH 267 Differential Equations. Students are advised to check with the intended transfer institution before choosing the Technical Elective.

<sup>5</sup>The Bachelor of Science degree in engineering at most four-year institutions will require specific engineering and technical electives at the freshman and sophomore level. Students should consult with the engineering program liaison or engineering advisor at the earliest possible date to acquaint themselves with the requirements of the engineering program of the intended transfer college or university. Student choice should be based on the requirements of four-year college or university to which student plans on transferring.

**Note to students transferring credits TO PVCC:** Transferred courses may fulfill a requirement under PVCC's approved electives (above). To receive credit for a specific PVCC elective from transferred courses, registrar's approval will be required.

**Note to students transferring credits FROM PVCC TO FOUR-YEAR INSTITUTIONS:** Although a course fulfills a requirement for a PVCC program, it is possible the same course will not fulfill a requirement at a four-year institution. Students who plan to transfer need to be aware of the four-year institution's requirements.

**Note:** Students may petition the appropriate dean to substitute a course not listed on this list.
