**VA Diodes | Charlottesville, VA | www.vadiodes.com**
Gold Sponsor of Manufacturing Day
Virginia Diodes, Inc. designs and produces millimeter wave and Terahertz devices, components and systems. Our mission is to make the terahertz region of the electromagnetic spectrum as useful for scientific, military and commercial applications as the microwave and infrared bands are today.

---

**Busada | Louisa, VA | www.busada.com**
Busada Manufacturing Corporation is a pioneer in plastics. Founded and incorporated in 1951, Busada is now one of the nation’s leading producers of transparent butyrate tubing and pipe.

---

**Emerson Machine Automation Solutions | Charlottesville, VA | www.emerson.com/en-us**
Expertise, technologies and services to take on the world’s toughest challenges and bring predictable success. Emerson is where technology and engineering come together to create solutions for the benefit of our customers, driven without compromise for a world in action.

---

**Klockner Barrier Films | Gordonsville, VA | kpfilms.com/careers**
Klockner Pentaplast is a global leader in rigid and flexible packaging, printing and specialty solutions, serving the pharmaceutical, medical device, food, beverage and card markets, among others.

---

**Lighthouse | Charlottesville, VA | www.lighthouseinstruments.com**
Lighthouse is the leading global provider of laser-based, non-destructive headspace analysis platforms. Benchtop and in-line platforms with patented laser sensor technology are used for the analysis of pharmaceutical product and packages and for monitoring sterile product processes across the product life cycle.

---

**Mikro Systems | Charlottesville, VA | www.mikrosystems.com**
Mikro Systems partners with global, high technology manufacturing companies to apply its breakthrough TOMO process to create high performance products and improve their product development and manufacturing processes.

---

**Northrop Grumman | Charlottesville, VA | www.northropgrumman.com**
Northrop Grumman is a leading global security company providing innovative systems, products and solutions in autonomous systems, cyber, C4ISR, space, strike, and logistics and modernization to customers worldwide.

---

**Richey Lab | Charlottesville, VA | www.richeylab.com**
Richey Lab is a local manufacturer that designs and fabricates foot orthotics. We work with doctors to vacuum form and grind thermoplastics to make custom arch supports using laser scanning, CAD-CAM and 3D printing.

---

**RIDGID | Orange, VA | www.ridgid.com**
In 1923 RIDGID invented the modern pipe wrench and continues to produce industry leading products for mechanical, electrical, utility and plumbing tradespeople.

---

**Segars Engineering | Charlottesville, VA | www.segarsengineering.com**
Segars Engineering is a multi-disciplined firm focused on creative and sustainable design for projects in the industrial, institutional and commercial sectors.
