PVCC Internship Program

Program Overview

The PVCC Internship Program integrates classroom study with work experience in business, industry, government, or professional associations. Students participate in experiential learning and earn academic credit simultaneously in areas related to their academic career goals and educational objectives.

For each credit hour earned, an intern must have 45 contact hours that semester. Students may earn from 2-4 credit hours per semester depending upon their program. Hours worked per week are based on an average. The intern and site supervisor determine the work schedule.

2 credit hours = 96 work hours / semester
- Fall - 6 hours / week
- Spring - 6 hours / week
- Summer - 9 hours / week

3 credit hours = 144 work hours / semester
- Fall - 9 hours / week
- Spring - 9 hours / week
- Summer - 13.5 hours / week

4 credit hours = 192 work hours / semester
- Fall - 12 hours / week
- Spring - 12 hours / week
- Summer - 18 hours / week
