What is Network2Work?
Network2Work, formerly known as the Charlottesville Works Initiative (CWI), is a job network that connects job seekers to the skills and resources they need to become valued employees, and helps employers find the quality employees they need for their companies. Network2Work is a partnership between PVCC and the Charlottesville Regional Chamber of Commerce.

Why is Network2Work important?
In Charlottesville and Albemarle, 5,600 families, or 17 percent, do not make enough money to pay for the essentials of life—food, shelter, clothing, utilities and the added costs associated with working, such as childcare and transportation. The goal of PVCC’s Network2Work Program is to help these families become self-sufficient by identifying jobs within their reach and positioning them to secure and excel in those jobs.

What areas are served by this program?
PVCC’s program serves the college’s entire service region, which includes the City of Charlottesville and the counties of Albemarle, Buckingham, Fluvanna, Greene, Louisa and Nelson.

Ella
Age: 19
Hometown: Charlottesville, Virginia
Major: Education and Liberal Arts
Campus activities: Spanish Club President, Creative Writing Club Vice-President, Phi Theta Kappa Member, Honors Program

How PVCC is helping her reach her goals:
"The Watterson Scholarship is enabling me to study to become a speech therapist. My family and I are so grateful to PVCC for its support, generosity and commitment to education. I remember being on the campus when my mother and grandmother were PVCC students. They became teachers, and I always wanted to follow in their footsteps."

What she likes best about PVCC: "The faculty, students and staff create a warm, welcoming, inclusive and compassionate community."

Future plans: "I hope to transfer to UVA's Curry School of Education to study speech and communication disorders and become a licensed speech therapist, with a goal of working in a rehabilitation setting helping stroke and brain injury survivors."

Todd Platts
Associate Professor of Sociology

Credentials: B.S., York College of Pennsylvania; M.A., Ohio University; Ph.D., University of Missouri

Work experience prior to PVCC: Researcher for the Ohio University Voinovich School of Leadership and Public Affairs; adjunct instructor at various schools; Visiting Assistant Professor at the University of Southern Mississippi.

What he likes best about teaching: "I most enjoy when students in my class develop an unquenchable appetite for discovery. Too often, people fail to question their assumptions of the world. When I am able to break this complacency, that is when I know I have done my job."

SPOTLIGHT

COMPUTED TOMOGRAPHY (CT)
The 19-credit Computed Tomography (CT) Career Studies Certificate Program prepares individuals to work as entry-level CT imaging technologists. CT scans, also known as CAT scans, use x-rays to produce cross-sectional images of the human body.

PVCC’s CT Program can be completed in two semesters. Successful graduates of the program will be eligible to sit for the American Registry of Radiologic Technologists (ARRT) Exam.

WORKFORCE SERVICES & CONTINUING EDUCATION

PVCC’s Workforce Services Division provides programming and short-term training for industry certification, professional development, career advancement, personal enrichment and youth career education. Popular programs include allied healthcare offerings such as phlebotomy and certified nursing assistant (CNA); viticulture and craft brewing; unmanned aerial systems (UAS); commercial driver’s license (CDL) training; welding; and business courses. Learn more at www.pvcc.edu/workforce.

According to the National Skills Coalition, almost half of the job openings in Virginia between 2010 and 2020 will require some post-high school education, but not necessarily a bachelor’s degree. To land these jobs, applicants need industry-recognized credentials, certifications and licenses. These programs are called “FastForward” because they help Virginians train for fulfilling new careers in weeks or months, instead of semesters or years. FastForward programs are offered at PVCC and other VCCS colleges. Limited funding is available for select programs. See a list of eligible programs or learn more at www.pvcc.edu/fastforward.
