The program provides support to military personnel transitioning to higher education and future civilian careers. All military-related students enrolled at PVCC are encouraged to participate in the program.

VETS Connect is designed to empower student veterans in their transition from the military to life on campus and beyond, using a holistic approach in providing a support network that is integrated with Student Services at PVCC.

Mentors are trained volunteers committed to helping students:
• Scheduled Weekly Office Hours
• Math Tutoring

To apply to become a mentor or register to become a mentee, contact Veterans Services by emailing vetsconnect@pvcc.edu.
PVCC is a designated Pearson VUE Authorized Test Center site. Pearson VUE Authorized Test Centers are privately owned, third-party testing facilities which provide on-site, on-demand testing for certification and professional licensure exams.

As one of the only Pearson VUE Authorized Testing Centers in the Charlottesville area, this well-respected authorization gives PVCC the ability to test students and area citizens pursuing key industry certifications such as CompTIA, Microsoft and important academic exams such as the Virginia Communication and Literacy Assessment (VCLA) and the GED®.

PVCC has two Pearson VUE Test Centers: one on the college’s Main Campus, which is housed in the First Quadrant Math Center (M253 in the Main Building) and one at the TJACE@PVCC Adult Learning Center at IX Art Park. Both sites are open to the general public.

Learn more at www.pvcc.edu/pearson.
According to the National Skills Coalition, almost half of the job openings in Virginia between 2010 and 2020 will require some post-high school education, but not necessarily a bachelor's degree. To land these jobs applicants need industry-recognized credentials, certifications, and licenses. These programs are called “FastForward” because they help Virginians train for fulfilling new careers in weeks or months, instead of semesters or years. FastForward programs are offered at PVCC and other VCCS colleges. Limited funding is available for select programs. See a list of eligible programs or learn more at www.pvcc.edu/fastforward.

PVCC’s Workforce Services Division provides programming and short-term training for industry certification, professional development, career advancement, personal enrichment, and youth career education. Popular programs include allied healthcare offerings such as phlebotomy and certified nursing assistant (CNA); viticulture and craft brewing; unmanned aerial systems (UAS); commercial driver’s license (CDL) training; welding; and business courses. What is Network2Work?
Network2Work, formerly known as the Charlottesville Works Initiative (CWI), is a job network that connects job seekers to the skills and resources they need to become valued employees, and helps employers find the quality employees they need for their companies. Network2Work is a partnership between PVCC and the Charlottesville Regional Chamber of Commerce.

Why is Network2Work important?
In Charlottesville and Albemarle, 5,600 families, or 17 percent, do not make enough money to pay for the essentials of life—food, shelter, clothing, utilities and the added costs associated with working, such as childcare and transportation. The goal of PVCC’s Network2Work Program is to help these families become self-sufficient by identifying jobs within their reach and positioning them to secure and excel in those jobs.

What areas are served by this program?
PVCC’s program serves the college’s entire service region, which includes the City of Charlottesville and the counties of Albemarle, Buckingham, Fluvanna, Greene, Louisa and Nelson.

Learn more at www.pvcc.edu/network2work.
PVCC offers two culinary arts options at its Jefferson School Center satellite location.

16-WEEK SESSION | AUGUST 19 - DECEMBER 16, 2019

**SPOTLIGHT**

Elena
Age: 19
Hometown: Charlottesville, VA
Major: Science

Why she chose PVCC: “I started at PVCC after my senior year of high school, and it was one of the best decisions I ever made. I was able to get an excellent and affordable education close to home, form amazing relationships with other students, faculty, and staff, and learn so many skills to prepare me exceptionally well for my transfer to a four year university.”

What she likes best about PVCC: “PVCC is very unique in the fact that students are able to form such close bonds with their instructors and get to know them on a deeper and more personal level. Because the class sizes are small and allow for these close relationships with faculty, it becomes so apparent that their only goal is for you to succeed and learn, and that is very special.”

Future plans: “I am transferring to VCU for their dental hygiene program and plan to graduate with my BS in Dental Hygiene in 2021.”

PROGRAM SPOTLIGHT

PHARMACY TECHNICIAN

The 29-credit Pharmacy Technician Career Studies Certificate prepares students to work in various pharmacy settings under the direct supervision of a pharmacist. Pharmacy technicians collect the information necessary to fill a prescription; measure amounts of medication; package and label prescriptions; organize inventory of medications or supplies; accept payment for prescriptions and process insurance claims; and enter customer information into a computer system.

The program is composed of classroom, simulation and hands-on experiences that prepare students to perform well on the certification exam in addition to entering the pharmacy technician profession successfully. www.pvcc.edu/pharmtech

EDUCATION

The Associate of Science degree in Education at PVCC prepares you for transfer to a four-year college or university to complete a bachelor’s degree in a particular subject and then to enter the teaching field or apply for graduate-level studies. PVCC has guaranteed transfer agreements with top colleges and universities that guarantee admission to PVCC graduates who meet specific academic transfer criteria.

PVCC offers education tracks to both VCU and UVA upon completion of the associates degree. PVCC also has an agreement with JMU for the Regional Teacher Education Program for teacher licensure.

These curricula are designed for students seeking Pre-K–8 licensure and are applicable to Special Education K-12.

| **With the donor's help, I have been able to focus my attention on my studies and not worry about how I will pay for them. The scholarship has relieved me from the burden of tuition, fees and books required to succeed. I feel confident I will complete this program and pass the national board exam to become a licensed radiography technologist in our local medical community.**

Earl Dickinson Building for the Humanities and Social Sciences opened its doors in 1998, thousands of people have attended events in the 500-seat Main Stage Theatre, the Maxwell Theatre (Black Box), and the PVCC Gallery. From school children seeing their first live ballet to high schoolers and PVCC students attending live arts, music, and theatre performances, PVCC is proud to offer a wide variety of free or low-cost visual and performing arts experiences to the residents of Central Virginia. **Sessions are held on the first Friday of every month, from 9 to 10:30 a.m., and on the third Thursday of every month, from 5:30 to 7 p.m.**

All tours are drop-in with no appointment or registration needed! Learn more by visiting [www.pvcc.edu/tours](http://www.pvcc.edu/tours) or by contacting the Admissions & Advising Center at 434.961.6581 or by emailing admissions@pvcc.edu.
